2. The Managing Authority has the obligation to inform the Lead Partner regarding the reports, conclusions and recommendations made by the European Commission which may affect the implementation of the Contract.
3. In addition and without prejudice to its right to terminate the Contract pursuant to Article 11 of the General Terms and Conditions, if the Project is implemented poorly or partially – and therefore not in accordance with the description of the Project in Annex II – or is implemented late, the Managing Authority may, by a duly reasoned decision and after allowing the Lead Partner to submit its observations, reduce the initial amount of subsidy in line with the actual implementation of the Project and in accordance with the terms of the Contract. This applies as well with regards to the compliance with the visibility obligations set out in Article 7 of the General Terms and Conditions.
4. In case of n+3 decommitment resulting from underspending compared to the spending forecast, the Managing Authority is entitled to decommit the Project by reducing the original project budget and the corresponding EU contribution. In case of a decision on the decommitment of the Project, the Managing Authority initiates the amendment of the Contract. The modification of the Contract in case of decommitment at project level shall take the form of a decision of the Managing Authority, which will be notified to the Lead Partner, and which becomes part of the Contract. In case of a decision on the decommitment of the Project, the Lead Partner shall submit a revised budget and application, reflecting the decommitment, within two weeks following the

receipt of the notification from the Managing Authority. In case of failure to respect the deadline, the decommitment shall be applied proportionally to all budgetary lines.

Article 4

Project Reports and Applications for Reimbursement

1. The Lead Partner receives the reimbursement based on the submitted and approved Application for Reimbursement.
2. The Lead Partner can only submit an Application for Reimbursement to the Joint Secretariat if it is accompanied by proof of progress of the Project. Therefore, the Lead Partner has to submit a Report (meaning Project Report or Final Project Report) alongside each Application for Reimbursement, consisting of the description of the activities carried out and their outputs and results during the reporting period, further consisting of a financial report presenting the financial progress of the Project compared to the finalised Project Form. In case a modification is needed in the reporting periods, it is not necessary to modify the Contract, but the Lead Partner shall submit a notification to the Joint Secretariat with justification after consultation with the project partnership. Detailed rules regarding the modification of reporting deadlines are described in the Project Implementation Manual. Additional obligatory deadlines to submit an Application for Reimbursement may be set by the Managing Authority in order to avoid decommitment of EU contribution at programme level.

The Lead Partner has to complete and submit the Project Reports and the Application for Reimbursement online, through the INTERREG+ system used for the Programme. Therefore, each Partner receiving financial support has the obligation to ensure that its expenditures are checked and verified by a controller from the state on whose territory it is located, before the Application for Reimbursement is submitted. The Lead Partner shall ensure that the expenditure presented by the Partners has been incurred for the purpose of implementing the Project and that it corresponds to the activities agreed between the Partners as described in the finalised Project Form. Immediate information shall also be provided in case the Project has not been or cannot be fully implemented by carrying out the planned activities and results moreover by achieving at least 80 per cent of the quantifiable outputs, or if the Project cannot or could not be implemented in due time. After the second unsuccessful request/notice for completion, the Project Report and the Application for Reimbursement may be rejected.

During this period, irregularity procedures and repayments can be initiated related to the Project.
