

## INVITATION

### 1 st Virtual Job Fair

The Career Centre of J. Selye University in cooperation with Appentum Kft. is organizing the 1st Virtual Job Fair in the framework of AUTOTECH INFRA (SKHU/1802/3.1/015).

As a part of the event, the virtual job fair platform will be presented developed by Appentum Kft. The application is based on virtual reality. It is a unique development in Europe, offering functions that have not been available for the user before. Job seekers and candidates are offered an opportunity to enter the platform and apply for vacant job positions.

The aim of the virtual job fair event is to get closer the firms offering vacant positions and the possible candidates on a unique and modern platform.

The event is organized in a virtual space, but those interested have an opportunity to participate in-person.
